Located in Hamlet of \_\_\_\_\_

(i) Are Utilities on Site?

Water/Sewer No      Electric No  
Gas No      Strom/Sewer No

(ii) Present legal owner of the site: Michael R. Peurschner and Trach Peurschner

If other than Applicant, by what means will the site be acquired for this Project:

The property is an approximate 91 acre parcel owned by the Peurschners.. There is a Purchase Option executed between the Peurschners and Delaware River Solar. Approximately 19 acres will remain with the Peurchners and 72 acres will be purchased by Delaware River Solar, LCC and/or its affiliates. Approximately 40 acres will be utilized for the proposed solar facilities (10 acres for each of four proposed solar facilites).

(iii) Zoning of Project Site: Current: RU-Rural District Proposed: RU-Rural District

(iv) Are any variances needed: No.

(v) Principal Use of Project upon completion: Generation of solar photovoltaic electricity to be distributed through the NYSEG electrical grid to NYSEG customers that are enrolled in the Applicant's Community Solar Program.

B) Will the Project result in the removal of a plant or facility of the Applicant or a proposed Project occupant from one area of the State of New York to another area of the State of New York? No; If yes, please explain:

---

C) Will the Project result in the abandonment of one or more Plants or facilities of the Applicant or a proposed Project occupant located in the State of New York?  
No ; If yes, please explain: ? \_\_\_\_\_

D) If the answer to either question B or C above is yes, you are required to indicate whether any of the following apply to the Project:

1. Is the Project reasonably necessary to preserve the competitive position of the Applicant or such Project Occupant in its industry? Yes\_\_\_\_; No\_\_\_ If yes, please explain: Not Applicable

2. Is the Project reasonably necessary to discourage the Applicant or such Project Occupant from removing such other plant or facility to a location outside the State of New York? Yes\_\_\_\_; No\_\_\_\_\_. If yes, please explain: Not Applicable

E.) Will the Project include facilities or property that will be primarily used in making retail sales of goods or provide services to customers who personally visit such facilities? No ; If yes, please contact the Agency for additional information.

F.) Please provide a narrative of the Project and the purpose of the Project (new build, renovations, and/or all equipment purchases). Identify specific uses occurring within the Project. Describe any and all tenants and any/all end users. Describe the proposed acquisitions, construction or reconstruction and a description of the costs and expenditures expected. Attach additional sheets, if necessary.

The Project is an approximate 2.00 MWac solar photovoltaic electricity generating facility that will be interconnected to the NYSEG electrical grid. The electricity generated by the array will be sold to NYSEG customers in NYSEG Load Zone E that are part of the Applicant's Community Solar Program. The Project is a new build and will be comprised of (a) racking to mount the solar modules (such racking generally to be pile driven into the ground), (b) solar modules, (c) inverters and transformers to sit on a concrete inverter pad and (d) assorted electrical components and wiring. Construction will take approximately three to four months.

The Project is monitored remotely and there are no daily on-site personnel required. Maintenance will occur semi-annually / annually and will consist of (a) cleaning the panels (no chemicals) and (b) equipment servicing/replacement. Landscaping maintenance will occur as needed.

The Applicant and Town have will enter into a Decommissioning Agreement that sets forth the details regarding the decommissioning and removal of the solar facility.

Attached as Exhibit A is a description of the costs associated with the development and construction of the Project.

G.) COSTS AND BENEFITS OF THE PROJECT

Costs = Financial Assistance

Estimated Sales Tax Exemption           \$ not to exceed 70K  
Estimated Mortgage Tax Exemption       \$ not to exceed 30K

Estimated Property Tax Abatement \$ 0  
Estimated Interest Savings IRB Issue \$ 0

Benefits= Economic Development

Jobs created 20-25 (development and construction phase)  
Jobs retained 4-5 (contracted work during operation, not full time)  
Private funds invested \$ 1,699,161  
Other Benefits - Reduced energy cost to community solar subscriber and Town  
- Tax revenue to Town of Delaware, Sullivan County and  
Sullivan West School District  
- Local job creation during development phase  
(surveyors, engineers, sales), construction phase  
(construction jobs) and operational phase (landscaping,  
(maintenance)  
- Contribute to achieving renewable energy generation  
goals in NY State set up by Governor Cuomo

Estimate how many construction/permanent jobs will be created or retained as a result of this Project:

Construction: 20  
Permanent: 4 - remotely monitored, no daily on site  
personnel, these are not full time jobs  
Retained (at current facility): 0 - remotely monitored, no daily on-site personnel  
Note: See further job creation description below.

Project Costs (Estimates)  
Land and Existing Buildings \$ (Leased)  
Soft Costs (5%) \$ 875,000  
Other \$ 3,915,000  
Total \$ 4,790,000

In addition to the above estimated capital costs of the project, which must include all costs of real property and equipment acquisition and building construction or reconstruction, you must include details on the amounts to be financed from private sector sources, an estimate of the percentage of project costs financed from public sector sources and an estimate of both the amount to be invested by the Applicant and the amount to be borrowed to finance the Project. Please see the attached Exhibit B

In addition to the job figures provided above, please indicate the following:

- 1) The projected number of full time equivalent jobs that would be retained and that would be created if the request for financial assistance is granted.

As indicated above, the Project is monitored remotely and there are no daily on-site personnel required. Scheduled facility maintenance will occur semi-annually or annually and will consist of (a) cleaning the panels (no chemicals) and (b) equipment servicing/replacement. Landscaping maintenance will occur as needed. Jobs created during the 30 year operational phase will generally be on a contract basis (landscaping and maintenance).

- 2) The projected timeframe for the creation of new jobs.

The Project is currently in the development phase and there are certain contracted jobs already created (surveying, engineering, sales). The construction phase is expected to be three to four months with a target of commencing construction in, at the earliest, Summer 2019. Contracted jobs (maintenance and landscaping)

during the operational phase would commence upon completion of the construction phase, which is expected to be as early as Fall 2019.

- 3) The estimated salary and fringe benefit averages or ranges for categories of the jobs that would be retained or created if the request for financial assistance is granted.

As indicated above, all jobs created during the 30 year operational phase of the Project will be on a independent contractor basis therefore salaries and fringe benefits will not be provided. See attached Exhibit C for expected costs of maintenance and landscaping.

- 4) An estimate of the number of residents of the economic development region as established pursuant to section two hundred thirty of the Economic Development Law, in which the project is located that would fill such jobs. The labor market area defined by the agency (Mid-Hudson Economic Development Region)

Development Phase: 3-4

Construction Phase: 20

Operational Phase: 4-5

- H.) State whether there is a likelihood that the project would not be undertaken but for the financial assistance provided by the Agency, or, if the project could be undertaken without financial assistance provided by the Agency, a statement indicating why the project should be undertaken by the Agency.

This solar photovoltaic project is within the NYSEG utility zone, which historically has lower electricity rates than other utilities (Central Hudson, Orange, Rockland, etc) as generally the NYSEG zone includes more economically challenged areas. Consequently, in order for the Applicant to offer electricity at a discount to the customers enrolled in the Applicant's Community Solar Program the revenue generated by the Project would be lower than comparable projects in other areas. This results in returns below generally expected market returns on a solar project which would cause both financing parties and investors to seek investment elsewhere. The financial assistance provided by the Agency in terms of tax relief will provide financing parties and investors certainty in tax payments that will alleviate some of their risk on a Project with returns that are below market average.

#### IV. REPRESENTATIONS BY THE APPLICANT

The Applicant understands and agrees with the Agency as follows:

- A) Job Listings. In accordance with Section 858-b (2) of the New York General Municipal Law, the Applicant understands and agrees that, if the Project receives any Financial Assistance from the Agency, except as otherwise provided by collective bargaining agreements, new employment opportunities created as a result of the Project will be listed with the New York State Department of Labor

Community Services Division (the "DOL") and with the administrative entity (collectively with the DOL, the "JTPA Entities") of the service delivery area created by the federal job training partnership act (Public Law 97-300) ("JTPA") in which the Project is located.

- B) First Consideration for Employment. In accordance with Section 858-b (2) of the New York General Municipal Law, the Applicant understands and agrees that, if the Project receives any Financial Assistance from the Agency, except as otherwise provided by collective bargaining agreements, where practicable, the Applicant will first consider persons eligible to participate in JTPA programs who shall be referred by the JTPA Entities for new employment opportunities created as a result of the Project.
- C) Annual Sales Tax Filings. In accordance with Section 874(8) of the New York General Municipal Law, the Applicant understands and agrees that, if the Project receives any sales tax exemptions as part of the Financial Assistance from the Agency, in accordance with Section 874(8) of the General Municipal Law, the Applicant agrees to file, or cause to be filed, with the New York State Department of Taxation and Finance, the annual form prescribed by the Department of Taxation and Finance, describing the value of all sales tax exemptions claimed by the Applicant and all consultants or subcontractors retained by the Applicant.
- D) Annual Employment Reports. The Applicant understands and agrees that, if the Project receives any Financial Assistance from the Agency, the Applicant agrees to file, or cause to be filed, with the Agency, on an annual basis, reports regarding the number of people employed at the project site.
- E) Absence of Conflicts of Interest. The Applicant has received from the Agency a list of the members, officers, and employees of the Agency. No member, officers or employee of the Agency has an interest, whether direct or indirect, in any transaction contemplated by this Application, except as hereinafter described.
- F.) The Applicant represents that the provisions of Section 862(1) of the New York General Municipal Law, as provided below, will not be violated if Financial Assistance is provided for the proposed Project:  

§ 862. Restrictions on funds of the agency. (1) No funds of the agency shall be used in respect of any project if the completion thereof would result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, provided, however, that neither restriction shall apply if the agency shall determine on the basis of the application before it that the project is reasonably necessary to discourage the project occupant from removing such other plant or facility to a location outside the state or is reasonably necessary to preserve the competitive position of the project occupant in its respective industry.
- G.) The Applicant confirms and acknowledges that the owner, occupant, or operator receiving Financial Assistance for the proposed Project is in substantial compliance with applicable local, state and federal tax, worker protection and environmental laws, rules and regulations.
- H.) The Applicant confirms and acknowledges that the submission of any knowingly false or knowingly misleading information may lead to the immediate termination of any Financial Assistance and the reimbursement of an amount equal to all or part of any tax exemption claimed by reason of the Agency's involvement the Project.

- I.) The Applicant confirms and hereby acknowledges that as of the date of this Application, the Applicant is in substantial compliance with all provisions of Article 18-A of the New York General Municipal Law, including, but not limited to, the provision of Section 859-a and Section 862(1) of the New York General Municipal Law.
