- (d) The Company covenants (i) that the Facility will comply in all respects with all environmental laws and regulations, (ii) that no pollutants, contaminants, solid wastes, or toxic or hazardous substances will be stored, treated, generated, disposed of, or allowed to exist on the Facility except in compliance with all applicable laws, (iii) the Company will take all reasonable and prudent steps to prevent an unlawful release of hazardous substances onto the Facility or onto any other property, (iv) that no asbestos will be incorporated into or disposed of on the Facility, (v) that no underground storage tanks will be located on the Facility except in full compliance at all times with all applicable laws, rules, and regulation, and (vi) that no investigation, order, agreement, notice, demand or settlement with respect to any of the above is threatened, anticipated, or in existence. The Company upon receiving any information or notice contrary to the representations contained in this Section (d) shall immediately notify the Agency in writing with full details regarding the same.
